H A N M E R S P R I N G S

Altitude Restaurant

The only thing to rival the magnificent views from the restaurant is the culinary expertise of our chefs. They have created an innovative a-la carte menu using only the freshest produce, combining local gourmet meats, organic vegetables, herbs and fruits, complemented perfectly by outstanding New Zealand wines.

Perfect for intimate dining or for group functions, the restaurant can seat up to 100 and offers outdoor or indoor dining.

Spa Braemar

Inhale deeply . . . and enliven your senses with the exhilarating smell and taste of pure alpine air. Exhale slowly . . . and truly escape as we ease away tension and stress, revitalise your senses and soothe your soul.

A destination within a destination, Spa Braemar is a synergy of East & West, offering a full range of treatments from traditional and therapeutic body treatments to premium beauty therapies. The treatment rooms are spacious and serene. There is a studio gym, relaxation room and hydrotherapy treatments.
